TITLE WORKING WELL WITH OTHERS
TEXT Nehemiah 3
SERIES BUILDING GOD'S HOUSE

This chapter of Nehemiah can seem like it is quite boring as it lists names and assignments regarding the building of the wall. Chapters like these are easy to skip over in our Bible reading, but if we look closer we can see some great insights and principles that have direct application to our lives today. This chapter shows how people working together can accomplish more than if just one person tried to do all the work alone.
